**HOUSING DIMENSIONS**

A	B
12.0	6.3
304.8 mm	160.0 mm

**APPLICATION**

The Zeva Series are a small diameter RLM style shade. Inspired by vintage lighting styling with modern light sources and materials. 1100 delivered lumens (nominal). The wide range of options for illumination, mounting, enclosures, and finishes allows for creative luminaire specification.

**ELECTRONICS**

Proprietary solid-state light engine available in various color temperatures. Color quality and consistency of 80 CRI (typical), 3 SDCM. Selection of electronic constant current dimming drivers available. Driver and light engine are field serviceable for future replacement or upgrades. For higher CRI and custom configurations, consult factory.

**CONSTRUCTION**

Shades are spun in our factory from 0.063 high purity aluminum. Passive aluminum heatsink optimized for emitter life and performance. Die-cast aluminum coupler accepts variety of mounting types. Wall mount canopies are spun aluminum with nickel plated hardware. Wall arms are formed and fabricated 3/8 aluminum pipe. Choice of diffused, evenly illuminated emitter enclosures eliminate direct source visibility and are free from emitter pixelation.

**FINISH**

Multi-stage polyester powder-coat process applied on our dedicated paint lines. All exposed materials are chromate pretreated to resist corrosion. Standard and custom finishes are available. Interior is Matte White unless specified

**CODE COMPLIANCE**

BAA compliant. ETL listed to meet US and Canadian standards. Suitable for dry or damp locations. Wet Location Option. 5 year limited warranty on all components. Proudly designed and manufactured in Massachusetts.

**ENCLOSURES**
